Inspired by color, pattern, and the luminous natural Santa Barbara sunlight, Jessica Risko Smith of Jessica Risko Smith Interior Design ([jrsid.com](http://jrsid.com)) created a fresh modern master-bath sanctuary in her client's Alta Mesa home. "The tub and shower both overlook the canyon," says Risko Smith, "and on a warm sunny day, when the windows are open, Bob Marley streams into the bathroom from the Sonos in the owner's pool and patio area below." Here's how she got the look.
